Subject: Proper Officials
Completion of Game Sheets

We have recently experienced some concerns with a couple issues related to the game that minor council feels need to be addressed immediately. We ask for the cooperation of all involved.

Officials

It has come to the attention of Minor Council this year that the proper number of officials are not being scheduled or showing up for games. Please be advised that when this occurs a **team has the right to decline playing** that game. The Home Association responsible for the scheduling of officials may be fined for each occurrence and any related travel expenses of the Visiting Team could potentially be reimbursed at the discretion of the Provincial Coordinator. Should teams agree to proceed with the game using the improper number of officials, in doing so they agree to any resulting outcome of such play.

Game Sheets

Incomplete and/or illegible game sheets have become an issue and making it difficult for league coordinators and administrators to interpret for ruling purposes when necessary. Please ensure that your teams make a concerted effort with their volunteers to ensure that game sheets are done properly and are legible. We ask that home team coaches ensure this is done correctly and ask that they assume responsibility for their review and submission.

Please ensure that this information is forwarded to the necessary members or your association. We appreciate your cooperation in these matters. If you have any questions or concerns, please don't hesitate to contact the office.

Regards,

Barry Thompson, Minor Council Chair
